

Combat **unplanned crisis** through **business continuity**

SUCCESSFULLY ACCOMMODATING TEMPORARY IMMOBILITY

Enterprises cannot afford to cease operations in periods of unpredictable volatility.

With Alcatel-Lucent Rainbow™, our cloud-based communication and collaboration platform, you will be able to maintain an effective level of business continuity to enable your staff to work remotely from safe locations.

ALCATEL-LUCENT RAINBOW™ ALLOWS YOU TO:

1 | COMMUNICATE AT HOME LIKE AT THE OFFICE

- Route your office number to your home or mobile devices
- Maintain a consistent level of interactions with customers and suppliers
- Transfer calls easily with one click

2 | REMAIN CONNECTED WITH YOUR ENTERPRISE AND BUSINESS COMMUNITY

- Carry-out video meetings with customers, partners or colleagues from home
- Call from any device using audio and video
- Share your screen or files for efficient interactions

3 | DIGITAL SERENITY

- Be reassured of fully secure interactions and enhanced collaboration
- ISO-27001 certification, the international standard for cloud security. Your customers' data is always protected
- Local hosting and cloud management : GDPR* compliance and strict data confidentiality agreements

*General Data Protection Regulation
